

Student:

1. Progress Tracking:

Real-time progress visualization with rc-progress, enabling students to track their learning journey effectively.

2. Course Completion Confetti:

Delightful user experience with confetti and a toast notification upon course completion to celebrate achievements.

3. Ratings System:

Allow students to rate courses upon completion, helping future learners make informed decisions.

4. Lecture Playback:

Seamless integration of YouTube player with interactive lecture lists for smooth learning experience.

5. Course Preview:

Option to preview course content before enrolling, ensuring students can make an informed decision before committing.

6. Course Search:

Easy-to-use search functionality, allowing students to find courses quickly by keywords, categories, or topics.

7. Stripe Payment Integration:

Secure payment gateway for purchasing paid courses, ensuring that students gain access only after successful payment.

8. Total Course Duration:

Displays the total video time for each course, helping students plan their learning schedule and allocate time effectively.

9. Total Lecture Count:

Provides the total number of lectures in a course for students to get a quick overview of the course content.

Educator:

10. Lecture Management:

Intuitive interface for educators to easily create, update, and organize their lectures within the platform.

11. Course Editing:

Smooth and easy course editing, allowing educators to make changes to their course content as needed.

12. Course Revenue Tracking:

Integrated revenue tracking, providing educators with insights into their earnings through Stripe, promoting transparency.

13. Lecture Removal:

Option to remove lectures from courses, with a confirmation step to ensure educators maintain course integrity.

14. Course Stats:

Real-time stats displaying student enrollments, course completions, and ratings, helping educators monitor their course's success.

15. Prevent Publishing Without Lectures:

A built-in safeguard with a toast message, ensuring courses cannot be published without at least one lecture.

16. Discount Codes:

Ability for educators to create and manage discount codes for promotional offers, providing flexibility in pricing.

General:

17. About Us Page:

A comprehensive page detailing the platform's mission, vision, and values to foster trust and credibility with users.

18. Contact Us Page:

A straightforward communication channel for users to reach out for support, inquiries, or feedback.

19. Newsletter Subscription:

An easy way for users to subscribe to newsletters, keeping them updated on news, offers, and new course releases.

20. User Testimonials:

Displaying authentic feedback from students and educators to build trust and inspire potential users to join the platform.
